

# 1st International Project Meeting

## Bonyhád, Hungary

### 11-18 May 2015

# Journal

## Erasmus+

This project is funded by the European Union

## Welcome to our first project meeting!

When we read your introductory profiles on TwinSpace we can see your top motivation of taking part in this project is your love of reading. **That's great!**

If you really like reading, you can easily persuade your friends about its meaning and use - so you can make them read, too. **That's fantastic!**

With forming **EUROPEAN BOOK CLUB** and joining the active team of **HOOKED ON BOOKS** you had the opportunity to

- make friends with readers from other countries,
- get to know new authors and their books,
- travel in Europe to gather your own experiences and meet your expectations.

**That's unbelievable!**

**This is the aim of this journal:** to make your time and experience unforgettable. Design and organise your own diary of the programme, comment, reflect and evaluate the events, places, people you visit and see this week, and when at home it will remind you everything you found important to remember - to tell your friends at home about. How much you write is your choice but this journal will be your record of your visit to Hungary, to our school, and we hope you will enjoy your staying with us as much as you will enjoy completing your journal.
